Denco Evolution™

Foot Smoother

The Denco Evolution Foot Smoother boasts the most sought-after features in a smoothing tool. The large metal surface uses a multi-directional hole pattern that allows users to smooth calluses in a back and forth, or a circular, motion. It is sized to quickly reduce calluses, and the reverse features an emery pad to smooth rough skin to a soft finish.

The smoother can be used wet or dry, and filings are trapped in the attached catcher to be disposed of quickly and easily. These features increase convenience and minimize clean-up, allowing consumers to smooth their feet virtually anywhere. A curved design and cushioned handle make it easy and

- Large, multi-directional, stainless steel surface quickly and gently reduces tough calluses
- Fine grit emery pad on the back smooths and polishes the skin
- Removable "catcher" traps filings for cleanliness
- Ergonomic shape and non-slip grip for safety and comfort
- Lifetime guarantee

Slant Tip & Point Tip Tweezers

The Denco Evolution Slant Tip & Point Tip Tweezers feature perfectly aligned, ultra-fine tips to ensure a perfect tweeze every time. The tips will firmly grasp even small or fine hair without slipping. Because the tips are thin, not sharp, they will not cut the hair or break it at the skin line.

- Perfectly aligned, thin tips grasp even small, fine hair without slipping or cutting
- Lightweight tension reduces wrist strain & ergonomic shape allows for multiple grips
- Stainless steel construction prevents rust
- Non-slip finger and palm pads increase stability and comfort
- Lifetime guarantee

The Evolution of Grooming!

Nail & Toenail Clippers

The Denco Evolution clippers retain the familiar shape that consumers recognize and accept. The clippers feature stainless steel construction and nearly vertical blades for the sharpest, cleanest cut possible. The optimized lever creates maximum cutting force with minimum pressure to provide an effortless clipping experience for the user. The oversized handle design allows for multiple grips to ensure user comfort while stylized, non-slip pads improve handling and stability.

- Sharp, vertical cutting blades leave nail edges clean and smooth
- Stainless steel construction prevents rust
- Maximum cutting power with minimum applied force
- Ergonomic shape and non-slip grip for safety and comfort
- Wider jaw opening accommodates thick toenails
- Lifetime guarantee

**Denco has been a supplier of high
quality grooming implements since
1968 when the company's founder
began selling and sharpening scissors
in his Nyack, NY pharmacy.**

The company has since grown to include an entire range of products covering every manicure, pedicure, haircare and skincare need. While our product selection and our customer base continue to grow, our focus on personalized service and high quality tools has remained the same.

Denco now distributes our products to retailers across the United States and around the world. We are committed to sourcing all of our key products – tweezers, nippers and scissors – from Italy and Germany.

Our pharmacy-focused business continues to be known for our honesty, integrity and dedication to providing quality personal care implements at affordable prices.
